

Graduate Survey

This survey is to gather your comments about your high school experiences. As a recent graduate from this high school, please answer the following survey items honestly and as accurately as possible. The results from this survey will be used by school faculty and staff to direct and focus future school improvement actions.

Please circle your response that reflects how much you agree with statements about your high school experiences.

1. School should have placed more emphasis on mathematics.	Agree Strongly	Agree Somewhat	Disagree Somewhat	Disagree Strongly
